REACH FOR RESILIENCE

Helpline for ND Healthcare Workers Call us: 701-365-4920

WELL-BEING CHECK IN

LEADERSHIP POSITION

Step 1: Know how to watch for employee burnout

Step 2: Normalize what healthcare workers may be feeling and provide them with education on burnout.

Step 3: Start the

conversation.

Step 4: Offer support if there are signs of burnout.

Step 5: Continue to

<u>monitor</u>, have

conversations regularly

Be Leaendary

FOR THE INDIVIDUAL

PAUSE

Be mindful by checking in on how you are feeling - physically and mentally.

RESET

Actively do something that will center you, calm you, and bring confidence. Remember that your thoughts

do not define vou.

NOURISH

Ask yourself: What do I need to nourish myself right now? Find something positive that helps you remember your strength and resilience.
