Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The State has broad discretion to design its waiver program to address the needs of the waiver's target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid State plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the State, service delivery system structure, State goals and objectives, and other factors. A State has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.

The purpose of this waiver is to keep children, who have a life limiting diagnosis that maybe less than one year, between the ages of 0 to their 22nd birthday, in their home as much as possible, avoiding lengthy hospital stays and delay or divert institutional care. These children would qualify for Nursing Home Level of Care. This waiver would remove the hospice requirement of a physician certification that death is expected within six months. The waiver would allow the family to provide treatments that are both curative and palliative for the child to successfully handle each day from time of diagnosis to death.

Children and their family would have access to the following services through this waiver: Case Management,Respite, Hospice, Skilled Nursing, Palliative, Bereavement Counseling, Expressive Therapies- for effective child and siblings, and Equipmant and Supplies. Children on the waiver will also have access to all Medicaid State Plan services. The service: Case Management, Hospice, Skilled Nursing and Palliative will be covered under the state plan once child's possible passing is less than 6 months. This will be noted on the Service Plan.

This will be a traditional service delivery method waiver. The application for services comes to Medical Services; the Level of Care is completed by the Program Manager. This is followed by the family identifying the Hospice of choice, and the Hospice Physician confirming the diagnosis. The Hospice case manager sets up a meeting, oversees development of Service Plan and ensures implementation including sending the plan to Medical Services for authorization.

3. Components of the Waiver Request

The waiver application consists of the following components. *Note: Item 3-E must be completed.*

A. Waiver Administration and Operation. Appendix A specifies the administrative and operational structure of this waiver.

B. Participant Access and Eligibility. Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the State expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.

C. Participant Services. Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.

D. Participant-Centered Service Planning and Delivery. Appendix D specifies the procedures and methods that the State uses to develop, implement and monitor the participant-centered service plan (of care).

E. Participant-Direction of Services. When the State provides for participant direction of services, **Appendix E** specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (*Select one*):

- ○ **Yes. This waiver provides participant direction opportunities.** *Appendix E is required.*
- ◉ **No. This waiver does not provide participant direction opportunities.** *Appendix E is not required.*

F. Participant Rights. Appendix F specifies how the State informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.

G. Participant Safeguards. Appendix G describes the safeguards that the State has established to assure the health and welfare of waiver participants in specified areas.

H. Quality Improvement Strategy. Appendix H contains the Quality Improvement Strategy for this waiver.

I. Financial Accountability. Appendix I describes the methods by which the State makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.

J. Cost-Neutrality Demonstration. Appendix J contains the State's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

A. Comparability. The State requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in **Appendix C** that are not otherwise available under the approved Medicaid State plan to

individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in **Appendix B**.

B. Income and Resources for the Medically Needy. Indicate whether the State requests a waiver of §1902(a)(10)(C)(i)(III) of the Act in order to use institutional income and resource rules for the medically needy *(select one)*:

- ○ **Not Applicable**
- ○ **No**
- ◉ **Yes**

C. Statewideness. Indicate whether the State requests a waiver of the statewideness requirements in §1902(a)(1) of the Act *(select one)*:

- ◉ **No**
- ○ **Yes**

If yes, specify the waiver of statewideness that is requested *(check each that applies)*:

☐ **Geographic Limitation.** A waiver of statewideness is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the State.
Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:

☐ **Limited Implementation of Participant-Direction.** A waiver of statewideness is requested in order to make *participant-direction of services* as specified in **Appendix E** available only to individuals who reside in the following geographic areas or political subdivisions of the State. Participants who reside in these areas may elect to direct their services as provided by the State or receive comparable services through the service delivery methods that are in effect elsewhere in the State.
Specify the areas of the State affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:

5. Assurances

In accordance with 42 CFR §441.302, the State provides the following assurances to CMS:

A. Health & Welfare: The State assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:

1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
2. Assurance that the standards of any State licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The State assures that these requirements are met on the date that the services are furnished; and,
3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable State standards for board and care facilities as specified in **Appendix C**.

B. Financial Accountability. The State assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.

C. Evaluation of Need: The State assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community-based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.

D. Choice of Alternatives: The State assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:

1. Informed of any feasible alternatives under the waiver; and,

2. Given the choice of either institutional or home and community-based waiver services. **Appendix B** specifies the procedures that the State employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.

E. Average Per Capita Expenditures: The State assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid State plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.

F. Actual Total Expenditures: The State assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the State's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.

G. Institutionalization Absent Waiver: The State assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.

H. Reporting: The State assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid State plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.

I. Habilitation Services. The State assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.

J. Services for Individuals with Chronic Mental Illness. The State assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the State has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the State has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

A. Service Plan. In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including State plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.

B. Inpatients. In accordance with 42 CFR §441.301(b)(1)(ii), waiver services are not furnished to individuals who are in-patients of a hospital, nursing facility or ICF/IID.

C. Room and Board. In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the State that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.

D. Access to Services. The State does not limit or restrict participant access to waiver services except as provided in **Appendix C**.

E. Free Choice of Provider. In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the State has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.

F. FFP Limitation. In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.

G. Fair Hearing: The State provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community-based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the State's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.

H. Quality Improvement. The State operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the State assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The State further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the State will implement the Quality Improvement Strategy specified in **Appendix H**.

I. Public Input. Describe how the State secures public input into the development of the waiver:
During the 2009 North Dakota Legislative Session, the Department of Human Services was directed to apply for a Medicaid Waiver to provide in-home services to children with life limiting diagnosis that would benefit from the practice of hospice model services along with continued exploration of curative measures for the child.

Updates and progress are regularly reported to the Medicaid Advisory Committee. Public notice was posted in the four major newspapers and Tribal consultation letters were sent requestion comments.

J. Notice to Tribal Governments. The State assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.

K. Limited English Proficient Persons. The State assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the State assures meaningful access to waiver services by Limited English Proficient persons.

Attachments

Attachment #1: Transition Plan

Check the box next to any of the following changes from the current approved waiver. Check all boxes that apply.

- [x] **Replacing an approved waiver with this waiver.**
- [ ] **Combining waivers.**

- ☐ **Splitting one waiver into two waivers.**
- ☐ **Eliminating a service.**
- ☐ **Adding or decreasing an individual cost limit pertaining to eligibility.**
- ☐ **Adding or decreasing limits to a service or a set of services, as specified in Appendix C.**
- ☐ **Reducing the unduplicated count of participants (Factor C).**
- ☐ **Adding new, or decreasing, a limitation on the number of participants served at any point in time.**
- ☐ **Making any changes that could result in some participants losing eligibility or being transferred to another waiver under 1915(c) or another Medicaid authority.**
- ☐ **Making any changes that could result in reduced services to participants.**

Specify the transition plan for the waiver:

The transition plan for the Children's Hospice is for the child to move into adult services at the completion of their 21st year of birth. If child is appropriate to move into the traditional hospice program an election form will be completed.

Attachment #2: Home and Community-Based Settings Waiver Transition Plan
Specify the state's process to bring this waiver into compliance with federal home and community-based (HCB) settings requirements at 42 CFR 441.301(c)(4)-(5), and associated CMS guidance.
Consult with CMS for instructions before completing this item. This field describes the status of a transition process at the point in time of submission. Relevant information in the planning phase will differ from information required to describe attainment of milestones.
To the extent that the state has submitted a statewide HCB settings transition plan to CMS, the description in this field may reference that statewide plan. The narrative in this field must include enough information to demonstrate that this waiver complies with federal HCB settings requirements, including the compliance and transition requirements at 42 CFR 441.301(c)(6), and that this submission is consistent with the portions of the statewide HCB settings transition plan that are germane to this waiver. Quote or summarize germane portions of the statewide HCB settings transition plan as required.
Note that Appendix C-5 HCB Settings describes settings that do not require transition; the settings listed there meet federal HCB setting requirements as of the date of submission. Do not duplicate that information here.
Update this field and Appendix C-5 when submitting a renewal or amendment to this waiver for other purposes. It is not necessary for the state to amend the waiver solely for the purpose of updating this field and Appendix C-5. At the end of the state's HCB settings transition process for this waiver, when all waiver settings meet federal HCB setting requirements, enter "Completed" in this field, and include in Section C-5 the information on all HCB settings in the waiver.

Additional Needed Information (Optional)

Provide additional needed information for the waiver (optional):

Appendix A: Waiver Administration and Operation

1. **State Line of Authority for Waiver Operation.** Specify the state line of authority for the operation of the waiver (*select one*):

   ◉ **The waiver is operated by the State Medicaid agency.**

   Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program *(select one)*:

   ◉ **The Medical Assistance Unit.**

   Specify the unit name:
   Home and Community Based Services

(Do not complete item A-2)

○ **Another division/unit within the State Medicaid agency that is separate from the Medical Assistance Unit.**

Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.

(Complete item A-2-a).

○ **The waiver is operated by a separate agency of the State that is not a division/unit of the Medicaid agency.**

Specify the division/unit name:

In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. *(Complete item A-2-b).*

Appendix A: Waiver Administration and Operation

2. **Oversight of Performance.**

   a. **Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency.** When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities:
   As indicated in section 1 of this appendix, the waiver is not operated by another division/unit within the State Medicaid agency. Thus this section does not need to be completed.

   b. **Medicaid Agency Oversight of Operating Agency Performance.** When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:
   As indicated in section 1 of this appendix, the waiver is not operated by a separate agency of the State. Thus this section does not need to be completed.

Appendix A: Waiver Administration and Operation

3. **Use of Contracted Entities.** Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (*select one*):

   ◉ **Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable).**
   Specify the types of contracted entities and briefly describe the functions that they perform. *Complete Items A-5 and A-6.:*
   The process of solicitation has already been completed. DDM is already fulfilling the contract with Medical Services to complete Level of Cares. Initial training has been done, as changes are made additional training is completed.

○ **No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).**

Appendix A: Waiver Administration and Operation

4. **Role of Local/Regional Non-State Entities.** Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select One*):

◉ **Not applicable**

○ **Applicable** - Local/regional non-state agencies perform waiver operational and administrative functions. Check each that applies:

☐ **Local/Regional non-state public agencies** perform waiver operational and administrative functions at the local or regional level. There is an **interagency agreement or memorandum of understanding** between the State and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.

Specify the nature of these agencies and complete items A-5 and A-6:

☐ **Local/Regional non-governmental non-state entities** conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The **contract(s)** under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Specify the nature of these entities and complete items A-5 and A-6:

Appendix A: Waiver Administration and Operation

5. **Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities.** Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:
The ND Department of Human Services, Medical Services Division (Medicaid Agency representative) will monitor the contract for the determination of Level of Care.
LoC will be completed prior to assigning of Hospice Agency or independent. Program manager will be entering the information obtained from the family into the DDM website for approval or denial.

Appendix A: Waiver Administration and Operation

6. **Assessment Methods and Frequency.** Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:
Monthly and annual reports regarding numbers and timeliness of Level of Care Determinations will be reviewed. Every 6 months a quality assurance report will be reviewed to determine if Level of Care decisions were supported by appropriate documentation. Feedback will be solicited from staff working with the Level of Care Determination process to measure satisfaction with current contractor.

All contracts are routinely monitored following the Department of Human Services contract oversight procedures.

7. **Distribution of Waiver Operational and Administrative Functions.** In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*):
In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. *Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.*

Appendix A: Waiver Administration and Operation

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority
The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance, complete the following. Performance measures for administrative authority should not duplicate measures found in other appendices of the waiver application. *As necessary and applicable, performance measures should focus on:*

- Uniformity of development/execution of provider agreements throughout all geographic areas covered by the waiver
- Equitable distribution of waiver openings in all geographic areas covered by the waiver
- Compliance with HCB settings requirements and other new regulatory components (for waiver actions submitted on or after March 17, 2014)

Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent of all Hospice providers when caring for a child are carrying out operational and administrative functions according to the policy and proceedure established for this waiver. N: number of Hospice providers carrying out operational and administrative functions according to the policy and procedure established. D: total number of hospice providers caring for children.

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.
It is the responsibility of State staff to address individual problems which are resolved through various methods which may include but are not limited to providing one-on-one technical assistance, training,amending the contract. Documentation is maintained by the State that describes the remediation efforts.

Appendix B: Participant Access and Eligibility

B-1: Specification of the Waiver Target Group(s)

a. Target Group(s). Under the waiver of Section 1902(a)(10)(B) of the Act, the State limits waiver services to one or more groups or subgroups of individuals. Please see the instruction manual for specifics regarding age limits. *In accordance with 42 CFR §441.301(b)(6), select one or more waiver target groups, check each of the subgroups in the selected target group(s) that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals served in each subgroup:*

Target Group	Included	Target SubGroup	Minimum Age	Maximum Age	
				Maximum Age Limit	No Maximum Age Limit
☐ Aged or Disabled, or Both - General					
	☐	Aged			☐
	☐	Disabled (Physical)			
	☐	Disabled (Other)			
☑ Aged or Disabled, or Both - Specific Recognized Subgroups					
	☐	Brain Injury			☐
	☐	HIV/AIDS			☐
	☑	Medically Fragile	0	21	☐
	☐	Technology Dependent			☐
☐ Intellectual Disability or Developmental Disability, or Both					
	☐	Autism			☐
	☐	Developmental Disability			☐
	☐	Intellectual Disability			☐
☐ Mental Illness					
	☐	Mental Illness			
	☐	Serious Emotional Disturbance			

b. Additional Criteria. The State further specifies its target group(s) as follows:

Child will have a letter from their primary physician stating they have a life limiting diagnosis that could possibly be end of life, within one year or less.
Program Manager will complete a Nursing Home Level of Care on the child with information provided by family and primary physician when needed, followed by a letter from a Hospice physician confirming the primary physicians diagnosis.

c. Transition of Individuals Affected by Maximum Age Limitation. When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit *(select one):*

○ **Not applicable. There is no maximum age limit**

◉ **The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.**

Specify:

Upon enrollment in the waiver families will be made aware both verbally and in writing of the maximum age of the program being the child's 22nd birthday. During the child's 21th year family and team will discuss and develop

a written plan of how the transition into the adult services would be achieved. Team will look at the possibility of Medicaid State Plan / Adult Hospice / Home and Community Based Services / and guardianship needs, to mention a few. Plan will include list of services family is requesting/ application process and responsible person to assist family in obtaining services. Plan will also look at all areas of needs for child aging out of waiver.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

a. Individual Cost Limit. The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual *(select one)*. Please note that a State may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

- ○ **No Cost Limit.** The State does not apply an individual cost limit. *Do not complete Item B-2-b or item B-2-c.*
- ◉ **Cost Limit in Excess of Institutional Costs.** The State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the State. *Complete Items B-2-b and B-2-c.*

  The limit specified by the State is *(select one)*

  - ○ **A level higher than 100% of the institutional average.**

    Specify the percentage:

  - ◉ **Other**

    Specify:

    The cost is limited to the highest monthly rate allowed to a nursing facility within the rate setting structure of the Department of Human Services. Rates are published once per year. Current rates are available by contacting the Department of Human Services Rate Setting Administrator.

- ○ **Institutional Cost Limit.** Pursuant to 42 CFR 441.301(a)(3), the State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. *Complete Items B-2-b and B-2-c.*
- ○ **Cost Limit Lower Than Institutional Costs.** The State refuses entrance to the waiver to any otherwise qualified individual when the State reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the State that is less than the cost of a level of care specified for the waiver.

  Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.

  The cost limit specified by the State is *(select one)*:

  - ○ **The following dollar amount:**

    Specify dollar amount:

    The dollar amount *(select one)*

    - ○ **Is adjusted each year that the waiver is in effect by applying the following formula:**

      Specify the formula:

○ **May be adjusted during the period the waiver is in effect. The State will submit a waiver amendment to CMS to adjust the dollar amount.**

○ **The following percentage that is less than 100% of the institutional average:**

Specify percent:

○ **Other:**

Specify:

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (2 of 2)

b. Method of Implementation of the Individual Cost Limit. When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

Through the intake and referral process, needs will be identified by the legally responsible caregiver and minor child, who has met the Nursing Home Level of Care criteria and has a letter from their primary physician stating a life limiting diagnosis along with confirmation from the Hospice physician; will be compared to services offered through the waiver. If the Program Manager determines the child's current health and welfare needs cannot be assured the family will be advised that they will not be referred to the Case Managing Service for authorization of Waiver services. The family will be advised of their right to appeal and steps to accomplish this.

c. Participant Safeguards. When the State specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the State has established the following safeguards to avoid an adverse impact on the participant *(check each that applies)*:

☑ **The participant is referred to another waiver that can accommodate the individual's needs.**

☑ **Additional services in excess of the individual cost limit may be authorized.**

Specify the procedures for authorizing additional services, including the amount that may be authorized:

Request for short term exceptions will be reviewed at the Central Office and may be granted quarterly if additional supports will prevent long term out of home placements in nursing facilities and funding is available within Waiver budgets.

☐ **Other safeguard(s)**

Specify:

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (1 of 4)

a. Unduplicated Number of Participants. The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The State will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a

Waiver Year	Unduplicated Number of Participants
Year 1	30
Year 2	30
Year 3	30
Year 4	30
Year 5	30

b. Limitation on the Number of Participants Served at Any Point in Time. Consistent with the unduplicated number of participants specified in Item B-3-a, the State may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the State limits the number of participants in this way: *(select one)*:

- ○ **The State does not limit the number of participants that it serves at any point in time during a waiver year.**
- ◉ **The State limits the number of participants that it serves at any point in time during a waiver year.**

The limit that applies to each year of the waiver period is specified in the following table:

Table: B-3-b

Waiver Year	Maximum Number of Participants Served At Any Point During the Year
Year 1	30
Year 2	30
Year 3	30
Year 4	30
Year 5	30

B-3: Number of Individuals Served (2 of 4)

c. Reserved Waiver Capacity. The State may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State *(select one)*:

- ◉ **Not applicable. The state does not reserve capacity.**
- ○ **The State reserves capacity for the following purpose(s).**

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (3 of 4)

d. Scheduled Phase-In or Phase-Out. Within a waiver year, the State may make the number of participants who are served subject to a phase-in or phase-out schedule *(select one)*:

- ◉ **The waiver is not subject to a phase-in or a phase-out schedule.**
- ○ **The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who are served in the waiver.**

e. Allocation of Waiver Capacity.

Select one:

- (●) **Waiver capacity is allocated/managed on a statewide basis.**
- ( ) **Waiver capacity is allocated to local/regional non-state entities.**

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

(pending approval from CMS) Applications of possible waiver participants, requesting Hospice services, along with a letter from their Primary Physician stating the current primary diagnosis is of a life limiting nature of possibly less than one year, will be accepted by the Department. If all components are together a Nursing Home Level of Care will be completed. If approved, family will indicate which Hospice agency they wish to work with, and a letter confirming the diagnosis of the primary physician will be obtained from the Hospice physician. If it is determined the possible participant has a need that the services can assist with, the Hospice Agency will assign the participant to a Hospice Case Manager within the appropriate area, and one of family's choice. A mutually agreed upon meeting will take place with the Program Manager completing introductions if family is requesting.

The selection of who is on the waiver will be "first come first served".

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level (s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

a. Reasonable Indication of Need for Services. In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires

regular monthly monitoring which must be documented in the service plan. Specify the State's policies concerning the reasonable indication of the need for services:

i. **Minimum number of services.**

The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is: 1

ii. **Frequency of services.** The State requires (select one):

- ○ **The provision of waiver services at least monthly**
- ◉ **Monthly monitoring of the individual when services are furnished on a less than monthly basis**

If the State also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

Hospice case management service will monitor progress of child monthly, followed by documented progress note. Waiver service must be utilized atleast quarterly and documented by case management. Services can be provided more frequently if need be.

b. Responsibility for Performing Evaluations and Reevaluations. Level of care evaluations and reevaluations are performed (*select one*):

- ○ **Directly by the Medicaid agency**
- ○ **By the operating agency specified in Appendix A**
- ◉ **By an entity under contract with the Medicaid agency.**

Specify the entity:

The RFP has already been awarded for the current contract with Dual Diagnosis for the initial Level of Cares and re-evaluation.

- ○ **Other**

Specify:

c. Qualifications of Individuals Performing Initial Evaluation: Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

Personnel employed through the contact entity are Licensed Practical Nurses supervised by a Registered Nurse.

d. Level of Care Criteria. Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

The Level of Care instrument used by the State is entitled Level of Care Determination form. The completed document must be approved by the contract entity, Dual Diagnosis Management, screening team to support that the individual meets the nursing facility level of care, as defined in North Dakota Administrative Code. (N.D.A.C.) 75-02-02-09.

Information is gathered by the Program Manager within the Department of Human Services. They will complete the Level of Care Determination form and a determination is made by Dual Diagnosis Management, by either conference call or by mail notification. The Dual Diagnosis Management forwards a copy of the determination response to the Program Manager.

The same documentation/ process are required for initial or re-evaluation of Level of Care.

e. Level of Care Instrument(s). Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care *(select one)*:

- ◉ **The same instrument is used in determining the level of care for the waiver and for institutional care under the State Plan.**

○ **A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan.**

Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

f. Process for Level of Care Evaluation/Reevaluation: Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

Process is the same as for initial evaluations. This will occur one year minus a day from initial evaluation.

g. Reevaluation Schedule. Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule *(select one)*:

○ **Every three months**
○ **Every six months**
◉ **Every twelve months**
○ **Other schedule**
Specify the other schedule:

h. Qualifications of Individuals Who Perform Reevaluations. Specify the qualifications of individuals who perform reevaluations *(select one)*:

◉ **The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.**
○ **The qualifications are different.**
Specify the qualifications:

i. Procedures to Ensure Timely Reevaluations. Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care *(specify):*

Program manager will receive a reminder in the MMIS system of Benefit plan expiring. At this time a Level of Care will be completed by the Program Manager to ensure continued need.

j. Maintenance of Evaluation/Reevaluation Records. Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

Paper copies of the Level of Care rating forms will be kept by the Medicaid State Agency. Electronic records will be interfaced into the MMIS system.

Appendix B: Evaluation/Reevaluation of Level of Care

Quality Improvement: Level of Care

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Level of Care Assurance/Sub-assurances

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant's/waiver participant's level of care consistent with level of care provided in a hospital, NF or ICF/IID.

i. Sub-Assurances:

a. ***Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.***

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent compliance with completion of Level of Care entered into DDM program within 2 working days of completion of intake with family by Case manager. N:Number of level of care determinations that were completed within 2 business days of intake. D: Total number of Level of cares completed for hospice participants.

B-7: Freedom of Choice

Freedom of Choice. *As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:*

i. *informed of any feasible alternatives under the waiver; and*
ii. *given the choice of either institutional or home and community-based services.*

a. Procedures. Specify the State's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

A Case plan is developed by the Family with assistance from Case Manager and Team of Professionals and others who know the child best, all generic and waiver options are explored.

The individual authorization document allows the eligible consumers legally responsible caregiver to indicate they have been informed of the right to appeal if dissatisfied or not in agreement with services. This form also has the statement of agreement for choice of waiver verses institutional care.

b. Maintenance of Forms. Per 45 CFR §92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

copies of the signed case plan and individual service authorization will be kept in the Medicaid office and the Hospice agency.

Service Definition *(Scope):*

Cares that is palliative and supportive in nature. Supportive medical, health and other care provided to child and their family to meet the special needs arising out of the physical, emotional, spiritual and social stresses experienced during the final stages of illness and during dying and bereavement so that when and where possible the child may remain at home, with homelike inpatient care utilized only if necessary. This service would look like traditional hospice except for the elimination of 6 month life requirement and family still being able to try/look for curative measures. Cares could be but not limited to line of site nursing, pain management through alternative evidence based services, physical therapies or occupational therapies. This would be determined by the team and recorded on the Service Plan.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

This would be limited to end of life cares for child and only after state plan has been maximized. this services would be limited to 54 hours of services per year.

This waiver service is not available in conjunction with skilled nursing or hospice waiver services. This service will be covered under the state plan once child's possible passing is less than 6 months. This will be noted on the Service Plan.

C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

1. Description of the settings and how they meet federal HCB Settings requirements, at the time of submission and in the future.

2. Description of the means by which the state Medicaid agency ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and ongoing.

Note instructions at Module 1, Attachment #2, HCB Settings Waiver Transition Plan for description of settings that do not meet requirements at the time of submission. Do not duplicate that information here.

The ND State Medicaid Agency has done a review and analysis of all settings where Medically Fragile waiver services are provided to eligible clients and the settings where waiver participants reside. The analysis included review of ND Century Code, ND Administrative Code, CMFN policy and regulations.

Through this process, the state has determined that the current settings where waiver services are provided and where waiver participants reside, fully comply with the regulatory requirements because the services listed below are individually provided in the recipients privately owned residence and allow the client full access to community living. Recipients, with their family, get to choose what service and supports they want to receive and who provides them. Recipients, when age appropriate, are free to choose to seek employment and work in competitive settings, engage in community life and control their personal resources as they see fit.

Case Management
Respite
Specialized Equipment and Supplies
Skilled Nursing
Palliative Care
Hospice

The following waiver services are not provided in the individual's private residence but based on our analysis also fully comply because it is an individualized service that allows the client to access the community to receive essential services from a provider of their choosing.

Expressive therapy
Individual & Family Counseling

The State Medicaid agency will ensure continued compliance with the HCBS settings rule by implementing and enforcing policy that will ensure the continued integrity of the HCB characteristics that these services provide to waiver recipients. In addition, the State monitors all individual person-centered service plans, to assure clients are free to choose what services and supports they wish to receive and who provides them. The State will review all future settings where waiver services will be provided and where waiver participants will reside to ensure that the settings meet the home and community-based settings requirement.

b. Service Plan Development Safeguards. *Select one:*

- ○ **Entities and/or individuals that have responsibility for service plan development may not provide other direct waiver services to the participant.**
- ◉ **Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant.**

The State has established the following safeguards to ensure that service plan development is conducted in the best interests of the participant. *Specify:*

The Service Plan will be developed using a wraparound team approach, meaning the team will be made up of individuals that know the child and family best along with professionals involved with the child's care. The plan can only be updated/ changed if minimally the family and case manager are present with written copies of the plan being sent to the rest of the team. Decisions are made by consensus of team with family having final say. Case manager cannot change the Service Plan in any way without legal caregiver authorization. Case Manager will send copy of Service Plan to program manager for authorization.

c. Supporting the Participant in Service Plan Development. Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant's authority to determine who is included in the process.

An introduction guild sheet will be developed to inform the participant and family about the process of establishing a team/ holding a service plan meeting and the expectations of involvement in the meeting. This would be given to the family while establishing eligibility and again prior to the first team meeting.

Family will also be informed in writing about the "Rights of Participant/ Legal Responsible Caregiver" this information will inform the Participant about the right to have who they feel is important to the participant/family to be included in the team along with those professionals that are involved in the care of child. Family will be informed they have the final determination in the plan and in who is part of the team. Safety and Health of child will be addressed by the whole team on an ongoing bases.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (4 of 8)

d. Service Plan Development Process. In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant's needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

A) The Hospice Case Manager will work with the family to develop a service plan, the family will be assisted in identifying individuals that provide informal support and know their child and family very well and more formal supports they receive from agencies. The development of the service plan will be based on the guilding principles of individual and family involvement and consumer choice and control. The Service Plan will be a personalized interactive and ongoing process; to plan, develop, review and evaluate the services in accordance with the preferences and desired outcomes of the individual/ family. The Hospice Case Manager will maximize the extent to which an individual/family participates in the service planning by 1) explaining to the individual/ family the service plan process; 2) assisting the individual/family to explore and identify their preferences, desired outcomes, goals, services, and supports that will assist them in achieving their outcomes; 3) identifying and reviewing with the individual/family issues to be discussed during service planning process; 4) giving each individual/family an opportunity to determine the location and time of Service plan meetings; participants in the Service Plan meeting, and number of meetings and length of meetings.

The family will determine who they want involved in developing the plan, but will be encouraged to include the input of their health care providers by either attending the meeting in person, by conference call or by providing recommendations in a written report. The initial service plan will be developed and will be reviewed by at least the Hospice Case Manager and family quarterly and a new plan developed as needed. Within 5 days following a case plan meeting, the Case Manager will complete the written case plan and provide the individual/ family a copy of the plan, along with a copy to the Program Manager for authorization.

B) The Hospice Case Manager, family and other members of the Service plan team will review Level of Care, Letters of prognosis, current medical reports to develop a framework for the service plan.

C) A brochure will be developed to describe in family friendly terms the types of supports available through this waiver. This brochure will be shared with all families during intake and referral and again prior to the development of the initial service plan. This brochure will be available to families within the first month of waiver approval.

D) A written Service Plan will be developed by the team. Documentation will reflect the family's goals; desire to be receiving home and community based services verses institutionalization, and preferred outcomes. Informal and formal supports will be looked at to meet the family's goals and outcomes.

E) While documenting the family's needs on the Service Plan the team will also be addressing how best to meet these needs. Team will look at waivered services, state plan options and informal options within the community and school.

F) The Service plan will include objectives and activities associated with the outcomes and describe specific roles and responsibilities of all parties including implementation of services and specific documentation requirements regarding delivery of services and activities performed. The Hospice Case Manager and all other services providers will review the service plan quarterly with the family to determine progress towards outcomes, satisfaction with services and to identify unmet needs.

G) A new service plan is developed as needed but no later than quarterly from the previous service plan meeting. The service plan may be amended at any time by the family and Hospice Case Manager through joint discussion, written revision and consent as shown by signature of the family. The family will have the responsibility to initiate a service plan meeting by contacting the Hospice Case Manager when the participants needs change, the service plan is not

being carried out, when a change in service is desired or when a crisis develops requirering a change of plan.

H) the plan and progress of the plan will be monitored by the Case manager after the initail case plan has been developed. Case Manager will contact the family either by phone or in person monthly. narritive note will document this. Case Manager will ensure that it is noted on the Service Plan that identified service will be continued under the state plan once child's possible passing is less than 6 months. There will not be any gaps in services during this transition - only funding source changes.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

e. Risk Assessment and Mitigation. Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

With technical assistance through the central office, the Hospice Case Manager will assess with the family, the health and safety needs of the individual. The recommendations from health care providers will be reviewed. A variety of generic community supports, as well as, formal and informal supports will be explored. The Service Plan will include emergency back-up plans to address what will happen if waiver or other support services are not available; the parents cannot carry out their role as their child's primary caregiver; or the family cannot remain in their home due to natural disasters, loss of electricity, or need to plan for obtaining special and critical items such as medication, food or equipment.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Upon determination of eligibility to waiver, Program Manager will provide to the family a list of Hospice Agencies providers and the services they offer to choose from. When a family has questions regarding locating specialized pediatric service/ providers, the Program Manager will assist family and Hospice Case Manager, with the resources they have through Department wed sites.

Appendix D: Participant-Centered Planning and Service Delivery

g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency. Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

After completion of the Service Plan by the team the Hospice Case Manager will send the plan to the Program Manager for authorization/approval of services funded through this waiver.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

h. Service Plan Review and Update. The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

- (●) **Every three months or more frequently when necessary**
- ( ) **Every six months or more frequently when necessary**
- ( ) **Every twelve months or more frequently when necessary**
- ( ) **Other schedule**

Specify the other schedule:

i. **Maintenance of Service Plan Forms.** Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained by the following *(check each that applies):*

- [x] **Medicaid agency**
- [ ] **Operating agency**
- [ ] **Case manager**
- [ ] **Other**

Specify:

Appendix D: Participant-Centered Planning and Service Delivery

D-2: Service Plan Implementation and Monitoring

a. **Service Plan Implementation and Monitoring.** Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

The Hospice Case Manager will be responsible to monitor the implementation of the Service Plan and the participant's health and welfare. The Service plan will be reviewed when the Hospice Case Manager meets face to face with the participant and team each quarter to review the status of identified outcomes, satisfaction with services and supports, delivery of authorized services, significant events and critical incidents related to the participant's health and safety, or any time there is a change in the health of child. Monitoring will occur every quarter minimally, option to meet more often is available at all times.

During the months there are no face-to-face visits the Hospice Case Manager will make phone contact with the family to ensure health and safety are maintained and no need for any changes to the care plan are needed.

b. **Monitoring Safeguards.** *Select one:*

- ○ **Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may not provide other direct waiver services to the participant.**
- ◉ **Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may provide other direct waiver services to the participant.**

The State has established the following safeguards to ensure that monitoring is conducted in the best interests of the participant. *Specify:*

The Hospice Case Manager is responsible for the write up of the Service Plan and the implementation of the plan yet the development of the plan is done by the families team- made up of legal caregiver, child, people who know family and child best and any other professional that are involved in child's care. Legal caregiver's must agree with Service Plan and authorization must be given by the Program Manager prior to any payment of claims. The Department of Health has the responsibility to ensure the Hospice agency is following rules and regulation as to the care of patient, also.

Quality Improvement: Service Plan

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. **Methods for Discovery: Service Plan Assurance/Sub-assurances**

The state demonstrates it has designed and implemented an effective system for reviewing the adequacy of service plans for waiver participants.

i. Sub-Assurances:

a. ***Sub-assurance: Service plans address all participants' assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.***

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent of all Children Hospice waiver participants that have a Service Plan addressing the individual needs of the child, within 10 working days of being assigned to waiver. N: Number of participants that have a service plan addressing the individual needs of the child as indicated by the team, within 10 working days of family being assigned to waiver. For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent of all waiver participant's Service Plans indicating if update of plan was due to quarterly review or addressing change of needs. N: number of participant's Service Plans indicating if update of plan was due to quarterly review or addressing change of needs. D: total number of service plans.

Appendix E: Participant Direction of Services

Applicability *(from Application Section 3, Components of the Waiver Request)*:

○ **Yes. This waiver provides participant direction opportunities.** Complete the remainder of the Appendix.

◉ **No. This waiver does not provide participant direction opportunities.** Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested *(select one):*

○ **Yes. The State requests that this waiver be considered for Independence Plus designation.**

○ **No. Independence Plus designation is not requested.**

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The State provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The State provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice(s)

that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

The contracted entity for Level of Care determinations will notify the Central Office Administrator and the participant's parent or guardian in writing if the child did not meet the Level of Care criteria and what their rights are to request a fair hearing.

A participant requesting Children's Hospice services completes an application from. This application form contains information pertaining to consumer rights and explains the procedures clients may follow in the event they are not satisfied and wish to request a fair hearing. This form is signed and dated by the legally responsible caregiver.

The legally responsible caregiver signs the care plan indication they are in agreement with the service plan and that they have been informed of their rights to a fair hearing. The information on how to appeal a decision is also included on the Services Plan.

Participants and their family are informed that they have an opportunity to request a fair hearing when they are not given the choice to receive waiver services, and denied waiver services or providers of their choice, to their waiver services are suspended, reduced or terminated.

Families are informed of how to appeal and their rights to appeal at time of application and during care plan meetings and again if an adverse action is taken. The action includes the process and what needs to be completed to appeal the action if the family so desires. Families are informed of right to a fair hearing for a) not providing an individual the choice of home and community - based services as an alternative to institutional care b) denying an individual for the services of their choice or the provide of thier choice and c) actions to deny, suspend reduce or terminate services.

All requests for a Fair Hearing are kept in Medical Services. The process of how to make an appeal to Medical Services will be provided to families, along with authorizations. Until a decision is made services will continue, family will be notified in advance about the possible need to repay for services if appeal is denied. All outcomes of appeals will be given to families in writing.

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

a. Availability of Additional Dispute Resolution Process. Indicate whether the State operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

- (●) **No. This Appendix does not apply**
- ( ) **Yes. The State operates an additional dispute resolution process**

b. Description of Additional Dispute Resolution Process. Describe the additional dispute resolution process, including: (a) the State agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Appendix F: Participant-Rights

Appendix F-3: State Grievance/Complaint System

a. Operation of Grievance/Complaint System. *Select one:*

- (●) **No. This Appendix does not apply**
- ( ) **Yes. The State operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver**

b. Operational Responsibility. Specify the State agency that is responsible for the operation of the grievance/complaint system:

c. Description of System. Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

a. Critical Event or Incident Reporting and Management Process. Indicate whether the State operates Critical Event or Incident Reporting and Management Process that enables the State to collect information on sentinel events occurring in the waiver program.*Select one:*

- (●) **Yes. The State operates a Critical Event or Incident Reporting and Management Process** *(complete Items b through e)*
- ( ) **No. This Appendix does not apply** *(do not complete Items b through e)*

If the State does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the State uses to elicit information on the health and welfare of individuals served through the program.

b. State Critical Event or Incident Reporting Requirements. Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the State requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Critical events that must be reported include: an abused child which means an individual under the age of eighteen years who is suffering from serious physical harm, or who is suffering from or was subjected to any act in violation of state criminal law definitions of coercion or deviate sexual acts towards that minor child.

A child who is harmed which means negative changes in a child's health which occur when a person responsible for the child's welfare: inflicts, or allows to be inflicted, upon the child, physical or mental injury, including injuries sustained as a result of excessive corporal punishment; or commits, allows to be committed or conspires to commit, against a child, a sex offense. A person responsible for the child's welfare means the child's parents, guardian or foster parent; an employee of a public or private school or nonresidential child care facility; an employee of a public or private residential home, institution, or agency or a person responsible for the child's welfare in a residential setting.

The individuals that must report critical events include: any physician, nurse, dentist, optometrist, medical examiner or coroner, or any other medical or mental health professional, religious practitioner of the healing arts, school teacher or administrator, school counselor, addiction counselor, social worker, day care center or any other child care worker, police or law enforcement officer, or member of the clergy having knowledge of or reasonable cause to suspect that a child is abused or neglected, or has died as a result of abuse or neglect, shall report the circumstances to the Department of Human Services or its designee, if knowledge or suspicion is derived from information received by that person in that person’s official or professional capacity. A member of the clergy however is not required to report such circumstances if the knowledge or suspicion is derived from information received in the capacity of spiritual adviser. (If a person has set up a special meeting to discuss issues or is stating this while in confession would be two circumstances where they could not report. If the Priest would see something in the process of an activity, educationally (quite a few Church’s have schools within their church) or a child tells them something during an activity they need to report.) Any person having reasonable cause to suspect that a child is abused or neglected, or has died as a

result of abuse or neglect, may report such circumstances to the department.

All persons mandated or permitted to report cases of known or suspected child abuse or neglect shall immediately cause oral or written reports to be made to the department or the department designee. Oral reports must be followed by written reports within forty-eight hours if so requested by the department or the department designee. A requested written report must include information specifically sought by the department if the reporter possesses or has reasonable access to that information. Reports involving known or suspected institutional child abuse or neglect must be made and received in the same manner as all other reports made under the chapter in state century code

Between the ages of 19 through 21 years of age the possible abuse issues are handled through the state program Protection and Advocacy who would complete an investigation into the allegations and if need be address concerns / facts with the local police, if criminal charges are appropriate. Otherwise P& A will address needs of client and advocate for them.

c. Participant Training and Education. Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

Through a Family Support Grant from the Administration on Developmental Disabilities, a handbook for families was developed through the North Dakota Center for Persons with Disabilities. The handbook addresses many issues related to self directing supports. It contains a specific section regarding reporting of abuse, neglect and exploitation. This section of the handbook would be shared with the families when they consider entering the waiver, by the program manager. The family also signs a Participant Agreement that outlines the requirements to report to Child Protective Services any suspected abuse, neglect or exploitation regarding a child birth to 18th birthday.

d. Responsibility for Review of and Response to Critical Events or Incidents. Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

The Child Protective Services within the Department of Human Services and its designee's receive all reports of abuse, neglect or exploitation of a child. An assigned case worker will then review any and all material pertaining to the report along with personal interviews with identified individuals having any information regarding allegations. This information is given to an intra-disciplinary team of professionals who review and determine if additional services are needed. The whole process is required to begin within 24 hours of receiving the initial report as per outlined in the established state guidelines. The Central Office Administrator will follow-up with Child Protective Services regarding all reported incidents concerning status of child and resolution of investigation. The Service Plan will be modified to meet the new needs of child/ family.

The Child Protection Social Worker completing the assessment of a report of suspected child abuse or neglect shall provide notification of the case decision to the subject of the report. This notification shall be made in person. When the case decision is “Services required”, the notification to the subject shall be made face-to–face. If a face-to –face notification cannot be done, the reason needs to be documented. When the case decision is “No Services Required, the notification may be made either face-to- face or by telephone. Out of respect for the families involved in the assessments process, the report needs to be completed as soon as possible and notification be made to families of the decision. There is not a specific time frame established.

Individual 19-21 the following pertains to:
P&A receives reports of alleged abuse, neglect and exploitation of individuals with disabilities. If there is probable cause, P&A investigates (or has another entity investigate) the allegation. When appropriate, the P&A accesses protective services on behalf of the individual. Such services may include securing a guardian or conservator, assisting the individual with finding alternative living arrangements, or assisting the individual with identifying other service options. While P&A's authority to provide protective services focuses primarily on adults, protective services may also be provided to children with disabilities when Child Protective Services has determined that the situation or incident is not within their criteria.

e. Responsibility for Oversight of Critical Incidents and Events. Identify the State agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

The Children and Family Services Division (CFS) is located in the ND Department of Human Service. Child Protection Services is a program area within the Children and Family Services delivery of services. The permanency planning philosophy cuts across all services and programs. Services are delivered in the community, if possible. The services are child centered and family focused, community driven and based and are coordinated among family service providers. North Dakota is dedicated to preserving and/or reuniting the family but not at the cost of the child's safety or well-being. The North Dakota Children and Family Service Division of the Department of Human Services and the county social service agencies are committed to joint planning and collaboration with other agencies.

The State administrator of Child Protection Services: is responsible for providing direction for child protection services in North Dakota. This position encompasses preparing policies and procedures for the program and providing technical assistance to regional CPS supervisors.

County social service boards act as the departments' authorized agent for the purpose of receiving reports of suspected child abuse or neglect and conducting assessments, except as otherwise provided for by law or as otherwise determined by the department in a particular case.

Time Frames for critical incidents are as follows: After the receipt of the report, child protection services action shall occur within 24 hours if the situation is a category A (child's death) or B (criminal charges arising out of the suspected child abuse or neglect or indication from report that children are not safe and removal appears to be evident) case otherwise an initial response shall take place within 72 hours. If report involves a non-caregiver the SW shall make a referral to a law enforcement agency for disposition. All reports have a copy sent to the regional Child Protection Services Supervisor within 5 days of receiving it. This information is entered into the Child Abuse and Neglect information Index data system.

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (1 of 3)

a. Use of Restraints. *(Select one)*: *(For waiver actions submitted before March 2014, responses in Appendix G-2-a will display information for both restraints and seclusion. For most waiver actions submitted after March 2014, responses regarding seclusion appear in Appendix G-2-c.)*

◉ **The State does not permit or prohibits the use of restraints**

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restraints and how this oversight is conducted and its frequency:

The use of restraints is part of the definition of abuse. Therefore, case managers are also responsible to report the use of restraints or seclusion as a part of the monitoring process to assure health, welfare and safety.

Unauthorized restraints are required to be reported as suspected abuse, neglect, or exploitation per North Dakota Administrative Code 75-04-01-20.2.2, Century Code 25-01.2-09, 25-01.2-10, and DDD-PI-006.

○ **The use of restraints is permitted during the course of the delivery of waiver services**. Complete Items G-2-a-i and G-2-a-ii.

i. Safeguards Concerning the Use of Restraints. Specify the safeguards that the State has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

ii. State Oversight Responsibility. Specify the State agency (or agencies) responsible for overseeing the use of restraints and ensuring that State safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

b. Use of Restrictive Interventions. *(Select one)*:

(●) **The State does not permit or prohibits the use of restrictive interventions**

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

The use of restrictive interventions is part of the definition of abuse. Therefore, case managers are also responsible to report the use of restrictive interventions as a part of the monitoring process to assure health, welfare and safety.

Unauthorized use of restrictive interventions are required to be reported as suspected abuse, neglect, or exploitation per North Dakota Administrative Code 75-04-01-20.2.2, Century Code 25-01.2-09, 25-01.2-10, and DDD-PI-006.

( ) **The use of restrictive interventions is permitted during the course of the delivery of waiver services** Complete Items G-2-b-i and G-2-b-ii.

i. Safeguards Concerning the Use of Restrictive Interventions. Specify the safeguards that the State has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.

ii. State Oversight Responsibility. Specify the State agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

c. Use of Seclusion. *(Select one)*: *(This section will be blank for waivers submitted before Appendix G-2-c was added to WMS in March 2014, and responses for seclusion will display in Appendix G-2-a combined with information on restraints.)*

( ) **The State does not permit or prohibits the use of seclusion**

Specify the State agency (or agencies) responsible for detecting the unauthorized use of seclusion and how this oversight is conducted and its frequency:

( ) **The use of seclusion is permitted during the course of the delivery of waiver services**. Complete Items G-2-c-i and G-2-c-ii.

i. Safeguards Concerning the Use of Seclusion. Specify the safeguards that the State has established concerning the use of each type of seclusion. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

ii. **State Oversight Responsibility.** Specify the State agency (or agencies) responsible for overseeing the use of seclusion and ensuring that State safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (1 of 2)

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

a. Applicability. Select one:

ii. **State Policy.** Summarize the State policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and

policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

iii. Medication Error Reporting. *Select one of the following:*

○ **Providers that are responsible for medication administration are required to both record and report medication errors to a State agency (or agencies).**
Complete the following three items:

(a) Specify State agency (or agencies) to which errors are reported:

(b) Specify the types of medication errors that providers are required to *record:*

(c) Specify the types of medication errors that providers must *report* to the State:

○ **Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the State.**

Specify the types of medication errors that providers are required to record:

iv. State Oversight Responsibility. Specify the State agency (or agencies) responsible for monitoring the performance of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

Appendix G: Participant Safeguards

Quality Improvement: Health and Welfare

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Health and Welfare
The state demonstrates it has designed and implemented an effective system for assuring waiver participant health and welfare. *(For waiver actions submitted before June 1, 2014, this assurance read "The State, on an ongoing basis, identifies, addresses, and seeks to prevent the occurrence of abuse, neglect and exploitation.")*

i. Sub-Assurances:

a. ***Sub-assurance: The state demonstrates on an ongoing basis that it identifies, addresses and seeks to prevent instancesof abuse, neglect, exploitation and unexplained death.*** *(Performance measures in this sub-assurance include all Appendix G performance measures for waiver actions submitted before June 1, 2014.)*

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent of all Children's Hospice participants/ legal caregiver that report recieving information about identification of/ how to address and prevent abuse/neglect incidents of children. N: Number of participants/ legal caregiver that report receiving information about identification of/ how to address and prevent abuse/neglect incidents of children. D: total number of participants.

Data Source (Select one):

c. ***Sub-assurance: The state policies and procedures for the use or prohibition of restrictive interventions (including restraints and seclusion) are followed.***

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

d. ***Sub-assurance: The state establishes overall health care standards and monitors those standards based on the responsibility of the service provider as stated in the approved waiver.***

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.
Hospice Case Manager will address recommendations, from completed investigation, with caregivers and develop a plan of action with the assistance of the child's Hospice team to prevent further abuse/neglect. This plan will be recorded on the Service Plan and monitored as needed.

Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix H: Quality Improvement Strategy (1 of 2)

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the State has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the State specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the State is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QIS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I) , a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances;
- The *remediation* activities followed to correct individual problems identified in the implementation of each of the assurances;

In Appendix H of the application, a State describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the OIS* and revise it as necessary and appropriate.

If the State's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the State plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid State plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QIS spans more than one waiver, the State must be able to stratify information that is related to each approved waiver program. Unless the State has requested and received approval from CMS for the consolidation of multiple waivers for the purpose of reporting, then the State must stratify information that is related to each approved waiver program, i.e., employ a representative sample for each waiver.

Appendix H: Quality Improvement Strategy (2 of 2)

H-1: Systems Improvement

a. System Improvements

i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

The State is responsible for evaluating the effectiveness and outcomes of the discovery, remediation and quality improvement plans. The State prioritizes its remediation efforts to address safety and welfare of client first. In addition, abuse neglect and exploitation is defined in the NDCC 25-01.301.This explanation is shared with families upon enrollment into the program and family signs a Participant Agreement that outlines the requirements to report to Child Protective Services any suspected abuse, neglect or exploitation to a child between the ages of birth to 18.
Requirements for 19-21 year olds are found under NDCC 25-01.3-01

b. System Design Changes

i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the State's targeted standards for systems improvement.

System design changes are monitored by the Program Manager and discussed with the LTC Program Administrator at monthly meetings. The Program Manager keeps track of identified problems, the system change to address problems, and if the system change resolved the issue. If no resolution to the problem occurs, the issue is readdressed by the Program Manager and LTC Program Administrator.

Input will be obtained from outside participants when appropriate. These participants might be Hospice Association, parents, nurses/counselors or participants.

In the MMIS system there will be built-in edits that ensure state plan is used first. Program manager will monitor this to ensure. The exception to this edit would be skilled respite in Home Health Aide. There will be edits to ensure only the authorized service on the plan is able to be billed and only one service of HHA, Skilled Nursing or Palliative at a time. State will monitor to ensure State plan is utilized first along with built in edits into the MMIS system to assist with this. Work orders for these edits are being developed and prioritized!

ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

System changes and common errors or individual problems that have been identified via the audit process are discussed by the Program Manager and LTC Program Administrator. Input from Hospice Agencies involved in caring for children will be compared to the assurances. Positive areas and problem areas will be identified and shared with the Hospice Case Managers, annually. System changes or training will be completed to address problem areas.

Appendix I: Financial Accountability

I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The State agency responsible for conducting the state's financial audit is the Office of the State Auditor. An audit of the State of North Dakota Comprehensive Annual Financial Report is conducted annually by the State Auditor’s Office. This audit involves examining, on a test basis, evidence supporting the revenues, expenditures and disclosures in the financial statements, assessing the accounting principles used and evaluating the overall financial statement presentation. The waiver is part of this audit annually.

An agency audit of the Department of Human Services is performed every two years. This audit is a result of the statutory responsibility of the State Auditor to audit each state agency once every two years and is a report on internal control, on compliance with State and Federal laws, and on efficiency and effectiveness of agency operations.

The State Auditor's Office is also responsible for performing the Single Audit, which is a report on compliance with requirements applicable to each major program and on internal control over compliance, in accordance with the Single Audit Act Amendments of 1996 and OMB Circular A-133. The Single Audit is also conducted once every two years.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability
State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver. *(For waiver actions submitted before June 1, 2014, this assurance read "State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.")*

i. Sub-Assurances:

a. ***Sub-assurance: The State provides evidence that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver and only for services rendered.*** *(Performance measures in this sub-assurance include all Appendix I performance measures for waiver actions submitted before June 1, 2014.)*

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent of all MMIS billings concerning Children's Hospice waiver participants services that match authorizations. N: number of MMIS billings concerning Children's Hospice waiver participants services that match authorizations. D: Total number of mmis billings for Children's Hospice.
