CEOG is designed to help child care providers cover some of the extra costs of operating that come with modified operating practices, and to help sustain the child care industry through this period of disruption. These funds are not included in the Child Care Assistance expenditures as they are paid to providers.

In March 2020, the Department was awarded approximately \$6 million in Child Care Development Grant funds through the Coronavirus Aid, Relief and Economic Security (CARES) Act passed by Congress.

For the last twelve months approximately 46% of the above eligibles were under the age of 21, 8% were classified as aged, 12% were disabled, 11% were adults, and 23% were covered under Medicaid Expansion.

Fluctuation in recipients is due to the timing of when claims are received and processed for payment. The recipient numbers shown on the graph also include those for whom a Medicaid Expansion premium was naid.

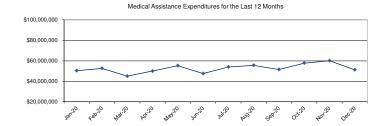

Due to the Families First Coronavirus Response Act passed by Congress in March 2020, states that do not impose new Medicaid eligibility restrictions or take away coverage receive a temporary increase in federal Medicaid funding.
