

MEMO

TO: Early Child Care Providers **FROM:** Danni Pinnick, MPH

Immunization Surveillance Coordinator

RE: Early Child Care Immunization Summary Report

DATE: March 22nd, 2022

**If you are no longer a child care provider, please disregard this memo.

North Dakota Administrative Code (33-06-05) requires child care and early childhood facilities to complete the 2022 Early Child Care Summary Report. This survey evaluates compliance with child care immunization requirements, in an effort to ensure North Dakota children are protected against vaccine-preventable diseases. It also makes sure that child care providers are better able to work with the Department of Health, in the event of a vaccine-preventable disease outbreak. This survey must be submitted no later than **April 30, 2022**.

The immunization survey MUST be filled out online at: https://www.health.nd.gov/childcaresurvey

Do not include children attending public or private school in grades kindergarten through 12 when completing the immunization survey. (The immunization status of these children is reported by their respective schools.) There are no child care required immunizations for children under two months in North Dakota, so this age group is not included in the survey.

Enclosed you will find the Immunization Summary Form, along with other resources that may be helpful to you in completing the survey and ensuring your children are up to date on immunizations. These documents are also available on our website: https://www.health.nd.gov/immunize/schools-and-child care.

Child care and early childhood facilities may have access to the North Dakota Immunization Information System (NDIIS), the statewide immunization registry. If you are interested in having access, please visit: https://www.health.nd.gov/immunize/ndiis

Please contact the NDDoH Immunization Program at 701.328.3386 or toll-free at 800.472.2180 with any questions or concerns regarding the early child care immunization survey.

Enclosures

Child Care Facility Immunization Requirements

		Minimum Number of Doses Required Per Age										
Vaccine Type	2-3 Months	4-5 Months	6-7 Months	8-11 Months	12-17 Months	18-24 Months	2-5* Years					
MMR					1	1	1					
(Measles-Mumps-Rubella)					ı	ı	ı					
Varicella (Chickenpox)					1	1	1					
HAV (Hepatitis A)					1	2						
Rotavirus#	1	2	2 or 3 [¥]									
Hib § (<i>Haemophilus influenzae</i> type b)	1	2	2 or 3	2 or 3	3 or 4	3 or 4	3 or 4					
HBV (Hepatitis B)	1	2	3	3	3	3	3					
IPV (Polio)	1	2	3	3	3	3	3					
PCV ¹ (Pneumococcal)	1	2	3	3	4	4	4					
DTaP/DT (Diphtheria-Tetanus- Pertussis)	1	2	3	3	4	4	4					

[§] If a child receives immunizations late, fewer doses may be required. Contact your local public health unit or the North Dakota Department of Health(NDDoH) to determine the appropriate number of doses. Children ages five and older are exempt from the Hib requirement.

Depending on vaccine brand the child may receive a series of three or four doses.

- ¹ If a child receives immunizations late, fewer doses may be required. Contact your local public health unit or the NDDoH to determine the appropriate number of doses. Children ages five and older are exempt from the PCV requirement.
- * Children who do not receive the first dose by 15 weeks of age can no longer receive this vaccine and are exempt from the Rotavirus requirement.

 Children ages eight months and older are exempt from the Rotavirus vaccination requirement.
- Fotavirus vaccine may be given as a two or three dose series depending on the brand of vaccine. The third dose of rotavirus vaccine may not be necessary depending on the brand of rotavirus vaccine given.
- * Children attending kindergarten may require more doses, but these immunizations are not required to attend child care.

Exemptions

Children may be exempt from immunization requirements for the following reasons:

- **Medical Exemption:** Requires a certificate signed by a licensed physician stating that the physical condition of the child is such that immunization would endanger the life or health of the child.
- **History of Disease:** Requires a certificate signed by a physician stating that the child has a history of disease. History of disease exemptions may be claimed for measles, mumps, rubella, chickenpox, hepatitis A, or hepatitis B.
- **Personal Belief or Religious Belief Exemption:** Requires a certificate signed by the parent or guardian whose sincerely held philosophical, moral or religious belief is opposed to such immunization.

Exclusion

All children need to be up to date according to the child care immunization requirements or have claimed an exemption within 30 days of enrollment or be excluded from child care.

	Abbreviations:
MMR	Measles, Mumps, and Rubella
MMRV	Measles, Mumps, Rubella, and Varicella (chickenpox)
VAR	Varicella (chickenpox)
HAV	Hepatitis A Virus
HBV	Hepatitis B Virus
RV	Rotavirus Vaccine
Hib	Haemophilus influenzae type b
IPV or OPV	Polio
PCV or PCV13	Pneumococcal
DTaP	Diphtheria, Tetanus, and Pertussis
DT	Diphtheria and Tetanus
UTD	Up to date-Child has received the required number of doses of a specific vaccine.
PBE	Personal belief exemption-moral or philosophical-requires parent signature.
Rel	Religious exemption-requires parent signature.
Med	Medical exemption-requires health care provider signature.
HD	History of disease exemption (a child with a reliable history of chickenpox, measles, mumps, rubella, hepatitis B or hepatitis A is exempt from receiving the specific vaccine) – requires health care provider signature

Immunization Summary Form—*Please note, there are two pages to this form:*

This worksheet is included to help you determine which children are up to date. This is not required and does not need to be returned to the NDDoH.

^{*}Allowable exemptions include medical (med), religious (rel), or Personal Belief (PBE) which includes moral or philosophical, and history of disease (hd). Transfer summary totals to the immunization summary form.

Introduction to NDIIS

Brief Overview

The North Dakota Immunization Information System (NDIIS) is a confidential, population-based, computerized information system that collects vaccination data about all North Dakotans. Most North Dakota children have an immunization record in the NDIIS. Children vaccinated at U.S. Air Force Bases and out-of-state may not have a complete record in the NDIIS.

Licensed child cares have the option of having read-only access to NDIIS. This means they can access the immunization records of their children, but they cannot enter information into the system. If your institution would like to gain access to NDIIS, contact a member of the Immunization Program at 701.328.3386 or toll-free at 800.472.2180. For more information about NDIIS, please visit our website at https://www.health.nd.gov/immunize/ndiis.

NDIIS Forecaster

NDIIS contains a tool that allows users to determine whether a child is up to date on immunizations. Child cares can use this tool to determine if the child meets the immunization requirements. The vaccine forecaster will generate a list of vaccines the child is due for or will be due for in the future. Be sure to check that the recommended date has passed, as the forecaster recommends doses due in the future, not only vaccine doses that are past due. Also, the forecaster will show all recommended vaccines, not only those required for child care entry. Be sure to check the vaccination requirements.

nation Forecast			
Vaccine Type	Dose Number	Recommended Date	Minimum Valid Date

record or are not up to date on all required vaccinations, along with Certificate of immunization.
To the Parent or Guardian of
North Dakota State Law requires all children in child care be up to date on certain vaccinations.
Our records show that your child is not compliant with the requirements. Non-compliance may be due to absence of an immunization record or because your child needs an immunization. The reason for your child's noncompliance is noted below.
To meet the requirements, please submit an official certificate of immunization to the child care. If vaccinations are added or if you are claiming a medical or history of disease exemption, the form must be signed by a medical professional.
Reason for noncompliance:
\square Our facility does not have a copy of your child's immunization record.
\square Your child needs the following circled vaccines:
 MMR* Varicella (chickenpox)* Hepatitis A* Hepatitis B* Rotavirus Hib (Haemophilus influenzae) Polio PCV (Pneumococcal) DTaP
* If your child has had a history of disease, please have a health care provider enter the date of illness on the attached form in the history of disease section and sign.
Please note, not all recommended vaccines are required for child care. There may be additional immunizations recommended for your child that are not listed here because they are not mandated by state law. Please contact your child's health care provider about other immunizations your child may need
Thank you so much for your cooperation.
