WHAT WE DO

› Crisis Services

These services are available 24-hours a day/7-days a week from specially-trained behavioral health professionals and include a three-digit crisis phone line (9-8-8), mobile response and walk-in support and care.

› Team-based Rehabilitation and Recovery Services for Adults, Youth and Families

Our services are specific to each individual and his or her needs. They are short-term, high-intensity community-based services for individuals with severe and persistent behavioral health needs and may not be appropriate for individuals with mild or moderate impairments.

We provide team-based services that include case management, therapy, rehabilitative services, addiction services, employment support, peer support and medication management.

Our focus is to help individuals gain and maintain the necessary skills to reach their goals.

› Walk-in Assessments, Immediate Care and Referral Services

Our goal is to provide timely assessment, crisis intervention and connection to services for individuals with immediate behavioral health needs. **Our walk-in hours are Monday-Friday 8 a.m. to 5 p.m.**

NO APPOINTMENT IS NEEDED. We help individuals and families determine their next steps. This process allows individuals to engage in services when they are ready, and may include referrals to other community partners.
