

# Family First Prevention Services Act

## PL 115-123

### Stakeholder Informational Meetings

North Dakota Department of Human Services (NDDHS) is responsible to implement the federal regulations contained in Family First Prevention Services Act – PL 115-123 (FFPSA). NDDHS announced during the November 15, 2018 FFPSA Stakeholder Convening that the department would host future Stakeholder meetings on the 3<sup>rd</sup> Wednesday of each month during 2019. The purpose of the monthly meetings is to keep Stakeholders informed on progress and to solicit feedback and comments related to FFPSA implementation efforts.

As defined in state law, the structure of this meeting does not require a formal public notice, as FFPSA meetings do not involve a governing body. In order to engage interested parties in this effort, NDDHS created a website that will host all FFPSA information.
