

Memo

To: North Dakota Public Water Systems
From: Derrick Frieson, Analyst II
Date: December 31, 2022
Re: 2023 Calendar, Cost, and Client Notification of Record Disposal

This memo contains information for the 2023 sampling season.

- Enclosed please find the sample delivery schedule for 2023. The schedule is also available online at: <https://hhs.nd.gov/Laboratory-services/water-testing>.
- Effective January 1st, 2023, the cost of water testing will be \$25.00 per sample.
- Individuals are required to contact the laboratory for pre-approval of special purpose testing that must be submitted on a Friday.
- If you have old or expired kits, please return them to the laboratory.
- We are required by the Environmental Protection Agency to notify systems prior to disposal of records. The Microbiology Division maintains records for five years. Records from 2017 will be disposed of by January 31, 2023. Any requests for copies must be submitted prior to the disposal date. If you need copies of any reports, contact the laboratory at 701-328-6284

If you have any questions or concerns, please contact the laboratory at 701-328-6284, or email me at dfrieson@nd.gov.
